Obama goes on a State visit to Israel .

While he is on a tour of Jerusalem , he has a fatal heart attack.

The undertaker tells the US diplomats: "You can have him shipped home for \$1 million or you can bury him here in the Holy Land for \$100".

The US diplomats go into a huddle and come back to the undertaker and tell him they still want Obama flown home.

The undertaker is puzzled and asks: "Why would you spend \$1 million to get him home when it would be wonderful to be buried here in this religious country and you would only spend \$100?".

One diplomat replied: "More than 2000 years ago a man died here, was buried here, and just 3 days later he rose from the dead. We simply can't take that risk".
