

Demons

<@JB> Then had your hard drive exorcised?

<@ThunderClaw> I actually did that once.

<@ThunderClaw> It was a dare.

<@ThunderClaw> I was living in Nebraska,

<@ThunderClaw> and I got called down the street to a particularly computer-illiterate neighbor.

<@ThunderClaw> My buddy Matt dared me to take a look at the computer and deem it infested with demons.

<@ThunderClaw> So I went down there,

<@ThunderClaw> took a look at it (I don't even remember what was wrong),

<@ThunderClaw> and told her that demons had come from the darker regions of Africa and infested her computer.

<@ThunderClaw> SHE BOUGHT IT.

<@ThunderClaw> I took a glass of water,

<@ThunderClaw> blessed it,

<@ThunderClaw> and drew the sign of the cross on her computer a few times,

<@ThunderClaw> and said,

<@ThunderClaw> "IN THE NAME OF LORD JESUS CHRIST, OUR SAVIOR, I COMMAND THEE TO LEAVE THIS WOMAN'S SILICON ABODE AND RETURN TO THE DEPTHS FROM WHENCE YOU CAME!!"

<@ThunderClaw> She paid me 20 bucks and I left.
