Henry Jones

Whether you're a designer, developer, animator, or blogger, your workstation plays a major role in how you get things done. Some of us like a neat, clean, and inspiring workspace, while others require a crazy over-the-top hardware configuration.

In this article, we've compiled a showcase of photos that will give you workstation envy. The thing about workstations is that even if you have a nice one, seeing another awesome setup can make you a bit jealous.
